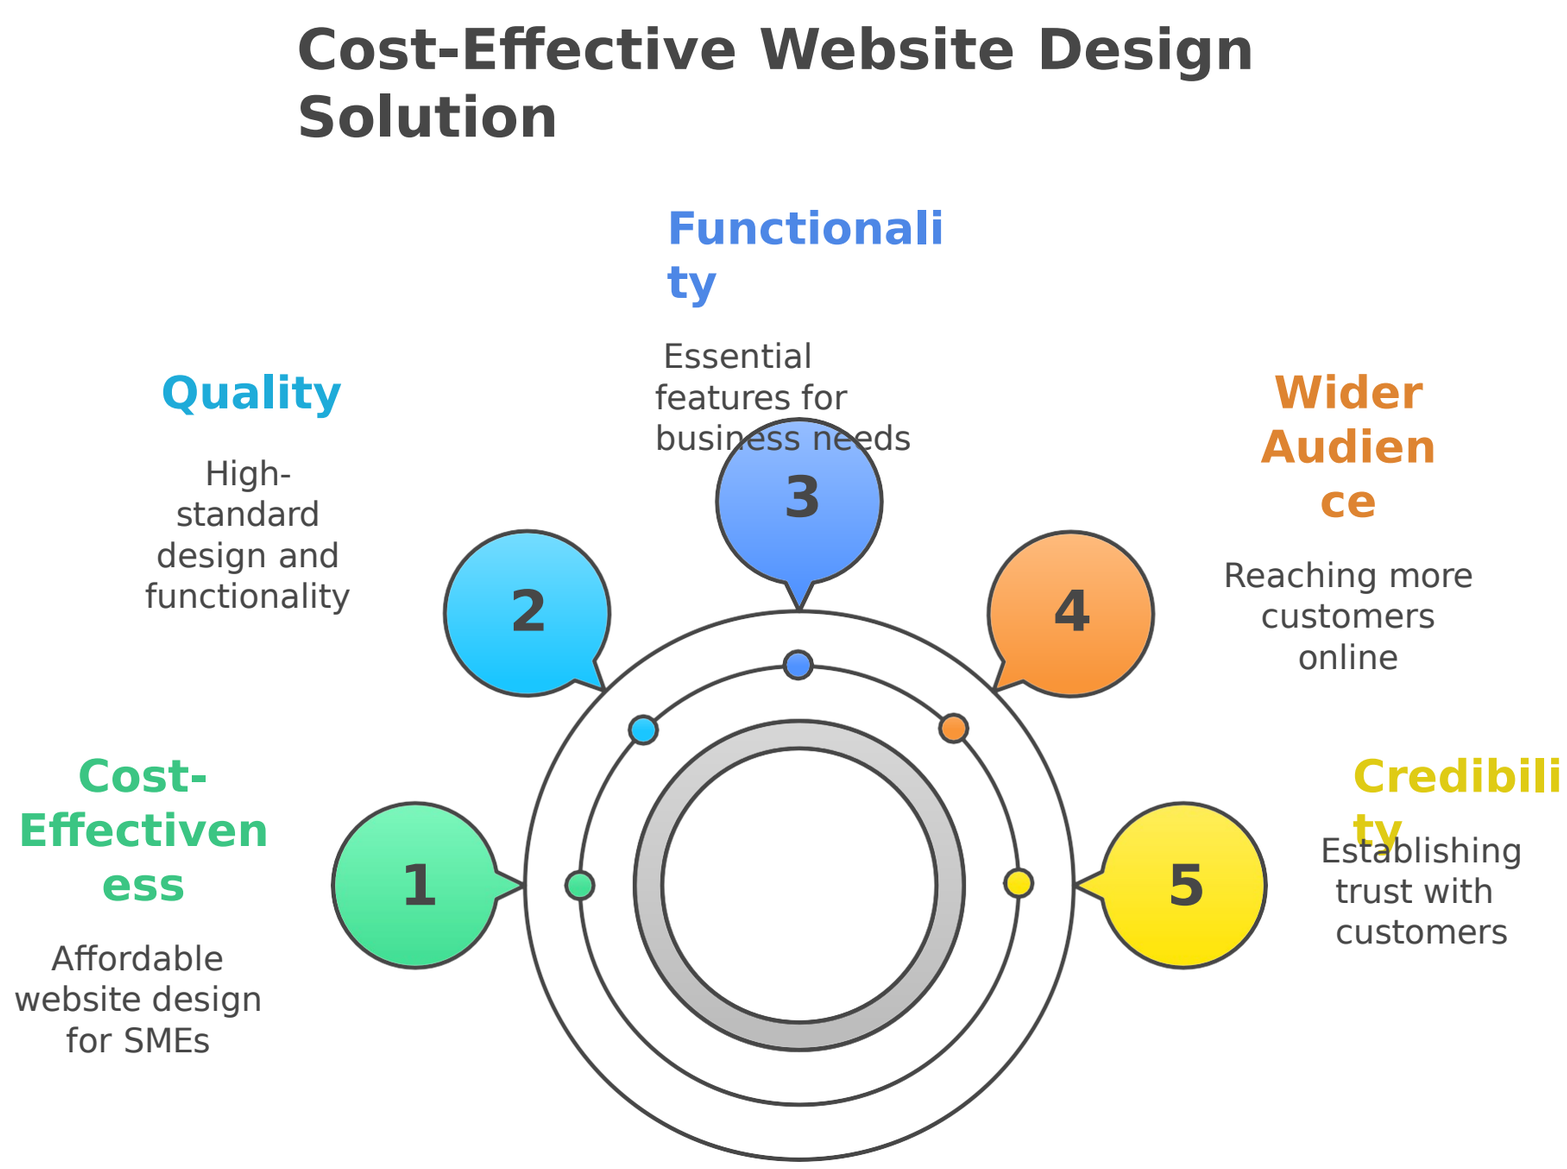
SGD 499 NETT: CMS Website Design with Unlimited Pages in SG

This document outlines the details of our SGD 499 NETT Content Management System (CMS) website design package, offering unlimited pages for businesses in Singapore. This package provides an affordable and comprehensive solution for establishing a strong online presence, empowering you to manage and update your website content with ease. We cover the key features, benefits, and terms of this offer, ensuring transparency and clarity for our valued clients.

Introduction

In today's digital age, a website is crucial for any business seeking to reach a wider audience and establish credibility. However, the cost of website design can be a significant barrier for many small and medium-sized enterprises (SMEs). Our SGD 499 NETT CMS website design package aims to address this challenge by providing a cost-effective solution without compromising on quality or functionality.



Key Features

This package includes a range of features designed to provide you with a professional and user-friendly website:

- CMS Platform: We utilize a robust and user-friendly Content Management System (CMS) such as WordPress, allowing you to easily manage and update your website content without requiring technical expertise.
- Unlimited Pages: Create as many pages as you need to showcase your products,
  services, and information. There are no restrictions on the number of pages you can add to your website.

- Responsive Design: Your website will be fully responsive, meaning it will adapt seamlessly to different screen sizes and devices, including desktops, laptops, tablets, and smartphones.
- Customizable Design: We offer a selection of professionally designed templates that can be customized to match your brand identity. You can choose colors, fonts, and layouts to create a unique look and feel.
- Basic SEO Optimization: We implement basic Search Engine Optimization (SEO) techniques to improve your website's visibility in search engine results. This includes optimizing page titles, meta descriptions, and image alt tags.
- Contact Form: A contact form will be integrated into your website, allowing visitors to easily get in touch with you.
- Social Media Integration: We can integrate your social media accounts into your website, making it easy for visitors to connect with you on social media platforms.
- Basic Training: We provide basic training on how to use the CMS to manage your website content.
- Hosting (First Year): The package includes the first year of basic web hosting.
- Domain Name (First Year): The package includes the first year of a .com, .net, or .org domain name registration.

Benefits

Choosing our SGD 499 NETT CMS website design package offers several benefits:

- Affordability: This package provides a cost-effective solution for businesses on a budget.
- Ease of Use: The CMS platform is user-friendly, allowing you to easily manage your website content without technical expertise.
- Scalability: The unlimited pages feature allows you to easily expand your website as your business grows.
- Professional Design: We offer professionally designed templates that can be customized to match your brand identity.
- Mobile-Friendly: The responsive design ensures that your website looks great on all devices.
- Improved Online Presence: A well-designed website can help you attract new customers and establish credibility.
- Control Over Content: You have full control over your website content and can update it as needed.

Terms and Conditions

Please review the following terms and conditions carefully:

- Price: The price of the package is SGD 499 NETT, inclusive of GST.
- Content: You are responsible for providing all website content, including text, images, and videos.
- Revisions: The package includes a limited number of revisions to the design. Additional revisions may be subject to additional charges.
- Hosting and Domain Renewal: After the first year, you will be responsible for renewing your hosting and domain name registration. Renewal fees will apply.
- Turnaround Time: The turnaround time for website design is typically 7-14 business days, depending on the complexity of the project and the availability of content.
- Payment: Payment is due in full upon completion of the website design.
- Support: We provide basic technical support for the CMS platform. More

- Liability: We are not liable for any damages or losses arising from the use of your website.

Additional Services (Optional)

In addition to the core features of the package, we also offer a range of optional services to enhance your website:

- Advanced SEO: Improve your website's search engine ranking with our advanced SEO services.
- Content Writing: We can help you create engaging and informative website content.
- Graphic Design: We offer graphic design services to create custom logos, banners, and other visual elements.
- E-commerce Integration: Add e-commerce functionality to your website to sell products online.
- Website Maintenance: We offer ongoing website maintenance services to keep your website up-to-date and secure.
- Custom Development: Need a specific feature or functionality? We can provide custom development services to meet your unique needs.
